ABOUT HAZ MEDZ

Advancing discovery through Haz Medz research.

Haz Medz supplies certified, lab-tested peptides in pre-filled pens — not vials — to gyms, clinics, health establishments and creators across Greater Manchester. Budget-friendly pricing. Swift, discreet delivery.

48+

Advanced formulations developed

26.3k+

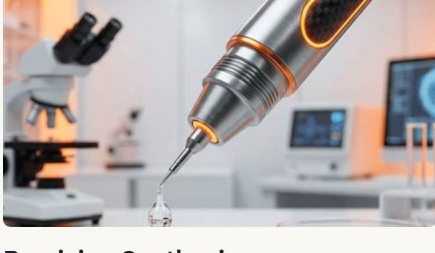

R&D-tested research units

99.95%

Lab-tested purity

QUALITY ASSURANCE PROTOCOL

Independently verified. Trusted through testing.

Precision Synthesis
Formulated and filled under controlled laboratory conditions.

Automated Filling
ISO-certified lines deliver precise dosing accuracy.

Cold Chain Critical
Validated packaging keeps compounds stable in transit.

STABILITY RECORD · JANOSHIK INDEPENDENT

56 days at room temperature.

A 40mg Retatrutide Haz Medz pen was held at room temperature for 56 days and independently tested through Janoshik — retaining strong purity where ordinary vials and pens do not come close.
